DEMANDED A TRAIN FOR KELLY'S ARMY.

IOWA WORKINGMEN PETITION GOV. JACKSON IN PERSON.

The Delegation Was Headed By General Weaver and Was the Outcome of a Largely Attended Meeting Held Last Night—Coxey in Jail—Randall in Indiana.

DES MOINES, May 3—[Special]—General Weaver this morning headed a delegation of laboring men which marched to the capitol to demand that Governor Jackson secure a train for Kelly's army. The move was the result of a meeting last night which was largely attended. Col. Speed, Gen. Weaver and some of the local labor leaders spoke, and the tenor of all the speeches was that this was the only way in which a train could be secured.

When told of the action of the Trades and Labor assembly Gov. Jackson said: "If they come I shall receive them and listen to what they have to say. Of course, not knowing the nature of the demand they propose to make, I can say nothing about it, but I will be ready for them you may depend upon it." When asked if he thought the demonstration could possibly precipitate anything like the Omaha difficulty, he laughed and said he thought not, though it might.

There will be no strike on the railroads in Iowa even if Kelly's army is required to march from Des Moines to the Mississippi river. Labor leaders of all railroad organizations are opposed to such action. Meanwhile the army is getting in a deplorable condition. Food is getting rather short and there are seven men in the hospital, of whom six are suffering from pneumonia, and several of them are pronounced by physicians from the city to be seriously sick.

Gen. Kelly speaks his mind freely about Coxey's escapade in Washington. He says he showed no generalship whatever in precipitating matters, and that he should have waited until he (Kelly) arrived. "My army," said Kelly, "is his sole hope. We go there with the influence of the laboringmen of the great west behind us and will be supported by the populist leaders in congress from the west and also by other western congressmen." It is believed now that Kelly and his army will start out on foot to-morrow morning.

COXEY IN THE PRISONER'S DOCK.

Arrested in the Court Room When He Appeared as a Witness.

WASHINGTON, May 3.—Coxey was in the prisoner's dock at the police court yesterday. He had come to court to testify in behalf of Browne, who was charged with unlawfully entering the capitol grounds and displaying a flag or banner. District Attorney Mullaney when he examined the case found Coxey equally guilty with Browne and a warrant was accordingly issued for him, but his appearance in court prevented any difficulty about service. Several congressmen were present in court during the proceedings, among them being Messrs. Baker of Kansas, Boen, Minnesota; Caffeen, Wyoming; Kem, Nebraska, and Lafe Pence, Colorado. The latter, with Adjutant-General Tarsney of Colorado, has been retained as counsel for Coxey. Both defendants were released on bail.

Mr. Coxey persists in his determination to remain in Washington. "When congress sees all the unemployed men of the country here it cannot refuse to legislate for them," he said.

Health Officer Hammil has made a report to the district commissioners condemning the lot on which Coxey's army is encamped as a place likely to breed disease. He recommends that the army should be removed to a place provided with shelter and suggests the Ivy City race grounds as a suitable place.

NOW IN INDIANA.

Chicago Contingent of Coxey's Army Enters the Hoosier State.

CHICAGO, May 3.—Randall's commonweal army left the New England hotel, Seventy-third street and Stony Island avenue, at 10 o'clock yesterday and started for Hammond, Ind. Before resuming the march the commander bade the men be of good cheer. The commissary reported enough provender for breakfast and the general said further provisions were in sight. He said, too, that the army would encounter no opposition on entering Indiana—a point on which he had entertained some doubts.

WANTS THE ARREST INVESTIGATED.

Tom Johnson of Ohio Raises a Lively Bout in the House.

WASHINGTON, May 3.—Representative Tom Johnson (dem., Ohio) created a sensation in the house shortly after it assembled by introducing a resolution calling for a congressional investigation of the beating of citizens by the police during the Coxey demonstration at the capitol Tuesday. He urged it as a question of privilege, declaring that the offense occurred on the capitol grounds and purported to be in defense of members of congress. Johnson asked unanimous consent to immediately consider the resolution, but objection was made. Representative Bell (populist, Neb.,) also introduced a joint resolution to provide for the appointment of a joint resolution to provide for the appointment of a joint committee "to devise means for the employment of the idle men of the country, restrict immigration, start up our mines, increase the currency and prohibit the issuing of interest-bearing bonds without authority of congress, and for other purposes."

SYMPATHY FOR COXEY.

Denver Unemployed Hold a Mass Meeting and Adopt Resolutions.

DENVER, May 3.—At a mass meeting of unemployed held in Lincoln park the following resolutions were adopted:

Whereas, It is reported that some of the leaders of the great educational reform movement are now under arrest for asserting the right of the oppressed masses.

Resolved, That a telegram be sent to Washington demanding their immediate release.

Resolved, further, That in demanding the constitutional right of the people, and to the petition for redress of grievance, we request every law-abiding citizen of the United States to unite with us in this our demand.

FRY'S MEN TURN BOOK AGENTS.

Try to Make Their Way at the Hoosier Capital—Other Armies.

INDIANAPOLIS, Ind., May 3.—Gen. Fry yesterday converted his commonweal forces into an army of book-sellers and started his men over this city selling copies of a new book brought out by a Chicago firm entitled "The Story of the Commonweal." Col. Aubrey who came here in advance of Gen. Fry to organize the Indiana division of the industrial army, had a dispute with his general as to authority and left yesterday at the head of fifty men. They are now camped at the new town of Ingalls on the Big Four.

ST. LOUIS, Mo., May 3.—Gen. J. K. Morrison and his commonweal, which has been in process of formation for the last few weeks, started on its march to Washington yesterday.

LIMA, Ohio, May 3.—The division of Coxey's army is still encamped along the Pennsylvania tracks near this city, but owing to the close surveillance kept on it by the company, can not get away.

TACOMA, Wash., May 3.—The industrial army has made another appeal to the Northern Pacific for a train to carry the army to St. Paul, offering $10,000 for it. General Traffic Manager Hanneford refused to consider the proposition. The sympathizers then paraded the streets.

NEW HAVEN, Conn., May 3.—The Boston branch of the New England industrial army arrived here last night. It numbered fifty-eight and has practically united with the Connecticut division of twenty-six and the Rhode Island division of fourteen.

WHEELING, W. Va., May 3.—Galvin's army remained in camp on Wheeling Island all day, fed liberally by the city. The army leaves for Pittsburg to-day.

CINCINNATI, Ohio, May 3.—Labor union leaders are trying to get rates for box cars to carry 3,000 to 7,000 unemployed to Washington May 15. While they propose to co-operate with Coxey, they will go to urge the passage of the commonweal bills.

FIVE BOAT'S CREWS PERISH.

Hunters from the Amarican Ship Retriever Fail to Return.

VANCOUVER, B. C., May 3.—On April 2 five boats left the American ship Retriever in latitude 36.59, longitude 147.02 east, for hunting, leaving only three men on board to manage the ship. A hurricane sprang up and hunters and ship were separated for five days. Word arrived that nearly all of the boats' crews perished, only a few Chinese and Europeans having been picked up alive by a passing steamer. The following Americans are among the castaways: H. Snow, R. Coyle, G. Longard, F. Cockrel, and A. Byley.

Mysterious Murder at Erie, Pa.

ERIE, Pa., May 3.—Henry C. Young of the wholesale firm of Young Brothers, was found dead in a secluded part of the city. Young was about 30 years of age. The authorities have no tenable theory or motive for the murder.

Gold Goes to Europe.

NEW YORK, May 3.—The steamer Teutonic carries to Europe $1,000,000 gold, the first mid-week shipment of the year. Of this amount $920,000 comes from the sub-treasury, reducing the gold reserve below $100,000,000.

Mrs. Sykes Under Arrest.

EL PASO, Texas, May 3.—Dan Andrews, who ran away with Lida Sykes of Pittsburg, arrived here several days ago and fled across the river into Mexico. The runaway woman's husband is here and had the pair arrested in Juarez. When leaving Pittsburg the woman is said to have taken $800 of her husband's money.

Preparing for a Lynching Bee.

PANA, Ill., May 3.—Eugene Durant, aged 43 years, a saloonkeeper worth $25,000, committed an assault upon Gussie Guilfoil, aged 11 years. Fully 100 men are now after him and if caught lynching will follow.

General Black Ill.

WASHINGTON, May 3.—Gen. Black is confined to his room by rheumatism. He has been suffering severely for several days, but is better to-day and expects to be out by the last of the week.

Gov. Altgeld Returns to His Chair.

SPRINGFIELD, Ill., May 3.—Gov. Altgeld returned from his extended southern trip yesterday afternoon.

TOO GAY A FELLOW FOR OLD BOSCOBEL.

WOES OF A LIVERYMAN WHO HAD LADY DRIVERS.

First His Wife Drove Then Three Girls Were Hired—His Scheme Was Popular With the Traveling Men, But it Ran Afoul the Law—Arrests Followed.

BOSCOBEL, May 3—A liveryman of this place, known as "Lip" Smith, is under examination at Lancaster today on a charge of assault and battery, the circumstances attending which have led to the arrest of three young ladies and caused a decided sensation among commercial travelers who have been in the habit of frequenting this part of the state.

Smith is the husband of a handsome wife and posesses an eye for business. He has advertised, in his capacity of liveryman, to furnish lady drivers with his teams.

First his wife held the ribons, and as trade increased, young ladies of Boscobel and neighborhood were pressed into service.

The scheme became so popular that commercial travelers telegraphed on for teams with lady drivers to make the rounds of the country, which sometimes occupied several days.

Last week the mother of one of the girls arrived upon the scene and tried to take her daughter away. She was assaulted by Smith and his wife and badly beaten.

This called public attention to the matter, and with Smith's arrest for assault the girls were taken in custody on a charge of immoral conduct and are now in jail at Lancaster awaiting a legal examination.

SILVER WON'T DOWN.

International Bimetallists Meet in the Interest of White Money.

LONDON, May 3.—The international bimetallic conference, under the auspices of the Bimetallic league, was called to order in the Egyptian hall of the mansion house to-day, ex-Lord Mayor Evans presiding.

The object of the league is to urge upon the British government the necessity of co-operating with other leading nations for the establishment, by international agreement, of the free coinage of gold and silver at a fixed ratio. Its aim is to secure the opening of the mints of the leading commercial nations to the unrestricted coinage of silver and gold at such fixed ratio as may be mutually agreed upon. The league declares that there is every encouragement to press the matter, seeing that the United States, France (with the other states of the Latin union), Germany and Holland are willing to co-operate. These powers, the league adds, will not move without England, and under an erroneous conception of the advantages of a single gold standard, Great Britain has hereto stood aloof. It, therefore, considers that England should take her share in the settlement of a question so vital and essential to the well-being of commerce throughout the world.

NEW TREATY WITH HAWAII.

Japan Arranges for Better Treatment of Her Subjects.

YOKOHAMA, May 3.—An imperial ordinance has been promulgated which sets forth the terms of a new treaty entered into between Japan and Hawaii. The treaty of 1871 is abrogated, Hawaii thereby surrendering her extra territorial jurisdiction. In future Japanese subjects shall receive the same treatment as is accorded to Hawaiian citizens, with one exception. The privilege of owning real estate is withheld. A large sum of money has been appropriated to maintain Japanese warships at Hawaii.

TO STAND BY THE UNION.

Miners at Pana, Ill., Resolve to Go Out Indefinitely.

PANA, Ill., May 3.—Three hundred and seventy-seven miners out of eight hundred at a mass meeting yesterday voted to go on a strike indefinitely in aid of the national movement. Everything was conducted in a peaceful and orderly manner. The men before being dismissed by the chairman were told to go home and conduct themselves as law-abiding American citizens.

Vinegar Plant Is Wrecked.

BLOOMINGTON, Ill., May 3.—The big steam cooker in the factory of the Bloomington Vinegar company exploded at 8 o'clock yesterday and wrecked the building. Engineer Kraps was found under the wreck seriously scalded. His recovery is doubtful. The loss will amount to $5,000.

Welcome to Wilson.

BATON ROUGE, La., May 3.—Hon. William L. Wilson and party arrived here at 4:30 yesterday by invitation of Gov. Foster, the mayor and citizens. They dined at the executive mansion and a reception was afterward tendered the distinguished guests at the state house.

Kansas City Election Murder Cases.

KANSAS CITY, Mo., May 3.—The cases of nine men charged with murder in connection with the election day riots here were set for hearing yesterday morning, but were continued awaiting the result of the grand jury investigation now going on.

MOB NEAR DULUTH HELD BY MILITIA.

MESABA RANGE WORKMEN PROTECTED BY SOLDIERS.

Strikers Threaten to Blow up the Plant—More Rioting at Connellsville Today—All Quiet at Cleveland—Great Northern Running Trains—Coal Famine Feared.

DULUTH, Minn., May 3—[Special]. The miiitia have been ordered to the Mesaba range to protect the workmen. The strikers this morning broke down the powder house and stole ten cases of powder. They now threaten to blow up the works. Telegrams were received yesterday by Sheriff Sharvey from every mining center of the Mesaba range announcing that the strikers had stopped work at every mine, and that the situation was critical. The sheriff at once telegraphed Gov. Nelson, asking permission to call on the militia, and if this permission is given the sheriff will take the three Duluth companies to the range. In any event the sheriff, with a force of deputies, will go to the scene of the disturbance.

MOBS RIOT AT CONNELLSVILLE

The Workmen Are Forced To Flee For Their Lives.

CONNELLSVILLE, Pa., May 3—[Special]—The coke strikers made an assault to-day on the Fort Will plant, forcing the workmen to flee for their lives. A number were badly beaten and mobs are marching, over the country amid the greatest excitement.

ALL QUIET AT CLEVELAND TODAY

Police Watching the Mob at Newbury—Bloody Time Yesterday.

CLEVELAND, May 3—[Special]—All is quiet in the city to-day; the city police have been sent to Newbury, where trouble is threatened by the rioters. The trouble yesterday culminated in open riots. There were three separate and bloody conflicts between the police and the rioters, and all night troops were kept under arms ready to respond to call in case of an emergency.

The trouble began in the forenoon, when a mob of 7,000 started to raid the factories on the flats and drive from work the men employed therein. The first attack was made at the Variety iron works. The windows of the factory were smashed with stones and bricks and the workmen fled in a panic. A force of seventy-five policemen was then called out. The rioters proceeded, however, to the Upson bolt works, where 1,500 men were induced to quit work before the officers arrived. When the police came upon the scene the men made a stand and hurled bricks and stones at the officers.

Orders were given to charge them with clubs. The rioters ran like sheep at the first assault, but their leaders succeeded in rallying them on the Abbey street viaduct, a bridge about 1,000 feet long. Squads of police coming up at both ends of the bridge penned in the crowd, and they were forced to fight their way out. They made a rush for the officers, but at least a score of them were clubbed unmercifully before they finally succeeded in getting away.

During the conflict two anarchists were arrested after a terrific struggle. One of them, Thomas Moore, an old man, was clubbed into submission and taken to the station in a patrol wagon, cursing the police and declaring that this was the happiest day in his life.

In the south end of the city at the same time a mob of 500 men drove away the workmen from the United States salt works, and were about to make a raid on the Cleveland rolling mills. They were met by Police Director Herbert and a squad of ten policemen, who clubbed them until they were glad to run. At least thirty men were injured in this melee, but the mob was dispersed.

In the afternoon Mayor Blee announced that no more rioting would be permitted. He issued a proclamation commanding people not to assemble on the streets, and at the same time called upon the Cleveland Grays, the Gatling gun battery and the resident companies of the Ohio National guard to assemble in their armories and await his call. There was a ready response to the call and at least 500 men were under arms awaiting any emergency that may arise.

An organization of the unemployed, with from 8,000 to 10,000 members, has been effected within a few days. It was this organization that gave a May day parade, and encouraged by the slight resistance with which they were met then they started out again yesterday. Their purpose seemed to be solely one of riot and destruction.

ALL LOVELY ON GREAT NORTHERN.

Strike Settled to the Complete Satisfaction of All the Men.

ST. PAUL, Minn., May 3.—The settlement of the Great Northern strike is completed and the strikers have resumed work. The settlement was made with President Debs, as a representative of the employes, rather than in his official capacity, but still the American Railway union considers the result a decided victory for that young organization. One of the prominent members stated last night that it was the intention of that body to work to the end that the old railroad brotherhoods would bear the same relation to the A. R. U. that the legislatures of the several states do to the congress of the United States.

SPOKANE, Wash., May 3.—This morning the Great Northern train for the west left the Spokane depot and the business of the road in all branches will be resumed. Operators and train dispatchers all along the line have resumed their posts, the engines at the various divisions have been fired up and in a week's time all traces of the great tie-up will have vanished.

ARRESTED WHILE MAKING A BOMB.

Four Men Surprised at Mount Pleasant, Pa., Handling Dynamite.

MOUNT PLEASANT, May 3.—The first attempt to introduce dynamite in behalf of the coke strikers was frustrated here yesterday, thanks to the vigilance of General Superintendent Ramsey of the Southwest Connellsville Coke company and the prompt action of Sheriff McCann. A week ago Mr. Ramsey got reliable information that the strikers intended blowing up his company's "A" plant at Morewood. Suspected parties were put under surveillance, which ended in locating them while putting the finishing touches on the bomb in the woods on Sand Hill, less than a mile from the shaft which the infernal machine was intended to destroy. The sheriff took six of his most trusted deputies and the quartet of plotters was arrested. The bomb was found hidden in a pile of rails and was taken along to the Greensburg jail. Its weight is given at twenty pounds.

IOWA MINERS WILL LIKELY STRIKE.

State Convention at Albia to Discuss the Chances of Going Out.

ALBIA, Iowa, May 3.—It looks as if 9,000 miners in Iowa would join the strike prevailing in the United States. The State Miners' convention assembled in this city yesterday contrary to expectations. There was an unusual ly large attendance, fifty delegates being present, representing 4,000 miners. The sessions were secret. Cincinnati, Mystic and Centerville sent delegates instructed to vote for a strike. The coal operators evidently expect a strike. The feeling among miners here is the correct one. It is that if they continue to mine coal, especially coal for shipment to other states, it will injure the general strike, and it is positively asserted the Iowa miners will at least take a stand against mining coal for shipment to the market effected by the strike. While the action of the convention can not be positively predicted, the majority sentiment of the meeting is in favor of the strike.

Predict a Coal Famine Soon.

COLUMBUS, Ohio, May 3.—The great miners' strike is fast approaching a critical point in its operations. That there is to be a coal famine in some sections if the strike continues a week or two is no longer a matter of speculation. Meanwhile the strike is spreading, and reliable information received by President McBride is to the effect that 5,000 more miners are out now than ever before since the strike was inaugurated. There are now 165,000 men in voluntary idleness as a result of the strike for living wages. Eight hundred more miners have joined in the strike in Lexington and Carter counties, Ky.

Illinois Men on Strike.

SPRINGFIELD, Ill., May 3.—The state officers of the Miners' Union of Illinois are jubilant over reports received. State President Crawford organized 400 miners at Mount Olive Tuesday and yesterday all refused to return to work. Mine No. 1 of the Consolidated Coal company at Greenview and the Menard Coal company's men, sixty-five in number, struck, and at Pana all the men in the mines, between 700 and 800, went out except eighteen. At Williamsville the thirty-five men employed by the Casey Coal company struck, and it was reported that the 350 men employed by the McLean County Coal company at Bloomington were out.

Miners and Producers May Meet.

CHICAGO, May 3.—A convention of soft coal producers and miners will probably be held some time next week to discuss means of settling the miners' strike. The operators who are obstructing the path of peaceful settlement by selfishness or obstinacy, or both, are pursuing a course contrary to public interest and should be held up as objects of public denunciation. A prolongation of the struggle to a point where vast public interests are made to suffer would be a blunder worse than a crime.

Glen Carbon Miners Go Out.

ST. LOUIS, Mo., May 3.—Proceeding to execute their threat to force every line operated for the St. Louis coal market to close, the Belleville men, who began their crusade by forcing out the coal miners at Collinsville, Ill., yesterday marched upon the Glen carbon miners and the latter were prevailed upon not to work. They are nearly 1,000 in number and are employes of the Madison Coal company. At a meeting held at Staunton the company's men voted 200 against 1 to continue working.

Will Make a Fight.

PANA, Ill., May 3.—The delegation of Taylorville miners is still in the city and threatens to use force to prevent the local miners from going to work. Word has been officially received here that if the force of strikers now here can not drive the men out they will be re-enforced in a few hours by a sufficient number to do so. The situation is critical, because the employes of the Penwell company say they will work if they have to fight for the privilege, and a violent conflict is expected soon.

JUROR'S LOOSE LIP COST HIM $100.

ROSTER CASE INDISCRETION PUNISHED BY A FINE.

Reinhart Reible, Whose Expresfion of Opinion Led to Another Week's Delay, Comes Before the Court and Pays His Assessment Without Attempting Any Defense.

MADISON, May 3—Juror Reinhart Reible, whose indiscreet action in the roster case caused another week of the trial, was this morning found guilty of criminal contempt, and fined $100 and costs. No argument was made in defense by his attorneys.

SQUIRE ATTACKS THE TARIFF

To Pass it Now Would Not Be Keeping Good Faith.

WASHINGTON, May 3.—The senate proceedings were rather dull yesterday, most of the afternoon being consumed by Senator Squire of Washington, who made a carefully prepared speech in general opposition to the tariff bill. Mr. Squire began his speech with a reference to a statement of Mr. Mills in which the latter declared that "we must pass this bill." He took issue with the Texas senator, and declared that if some measure of tariff reform had been formulated and passed immediately after the advent of the present administration it might have been said the democratic party was complying with the will of the votes, expressed in the election of 1892. But such a measure had not been prepared, and the feast to which the people had been invited had actually grown cold. The people had also learned that there was poison in the feast offered.

He denounced the income tax and the "tax on the breakfast table." Changes affecting the whole people ought not to be violent and sudden. Business should be taken out of politics. He concluded by saying he believed that many of the amendments that had been made by the senate committee were merely intended as traps to catch votes enough to secure its passage by the senate with the idea of killing them in conference.

The senate then adjourned.

BROOKSHIRE'S CURRENCY BILL.

To Make Sweeping Changes in the Present Financial System.

WASHINGTON, May 3.—Congressman Brookshire of Indiana introduced in the house yesterday a bill providing for comprehensive changes in our present financial system. The bill provides that no greenbacks shall be issued of a smaller denomination than $10; that not over one-fourth in value of the amount of the circulation issued to national banks shall be of a less denomination than $10; that coin certificates shall be issued in lieu of silver certificates, gold certificates and treasury notes issued under act of July, 1890. The bill provides for the issue of coin certificates on all the gold and silver coin and gold bullion in the treasury in excess of $100,000,000 in gold coin, which is held as a reserve for the redemption of the greenbacks.

The bill also provides for the issue of coin certificates on all of the silver seigniorage bullion not exceeding $1 for 347¼ grains of pure silver, and that it shall be the duty of the secretary of the treasury to pay out these coin certificates in discharge of all of the obligations of the United States except such as are made expressly payable in coin. Moreover the bill provides: "That the owner of gold and silver coin may deposit the same with the treasurer or any subtreasurer of the United States in the sum of $10 or any multiple thereof and receive coin certificates in lieu of the same.

Senator Walsh introduced a bill for the repeal of the tax of 10 per cent on the circulation of state banks.

WORK OF THE HOME BUILDERS.

Commissioner Wright Reports on Building and Loan Association.

WASHINGTON, May 3.—Commissioner of Labor Carroll D. Wright has submitted his ninth annual report, dealing with building and loan associations in the United States. Vermont, which has but one association, is the only state not included in the report. The total number of associations in the country is shown to be 5,838, of which 5,598 are local and 240 national. The total number of shareholders is 1,745,725 of which 919,614 are male. The average number of shareholders is 301. The number of shareholders who are borrowers is 455,411 or 26¼ per cent. There are 13,255,872 shares held, of which 10,381,031 are in local and the remainder in national organizations. The average number of shares held per shareholder is seven and a half. The total net assets are $450,667,593 of which $413,647,228 are in local organizations.

Illinois A. O. U. W.

GALESBURG, Ill., May 3.—The state convention of the Ancient Order of United Workmen met here yesterday at 9 o'clock to form a grand lodge and to make changes in the constitution. There are 300 lodges represented. The order has 21,000 members in the state.

Yeomans' Nomination Confirmed.

WASHINGTON, May 3.—The nomination of James D. Yeomans of Iowa to be interstate commerce commissioner was confirmed by the senate.

GAZETTE READERS GET ALL THE CREAM

"PICTURESQUE AMERICA ON REMARKABLE TERMS.

Many Janesville People Have Paid Fifty Cents a Part For William Cullen Bryant's Great Work—They Can Now Get it For Three Coupons and Ten Cents.

"Picturesque America" is known in every home as the magnificent publication sent out with D. Appleton & Co's. imprint. It consists of thirty parts each containing a full-page steel engraving and from twelve to twenty other illustrations, engraved in the highest style of art, together with descriptive reading matter contributed by writers specially engaged. The whole edited by William Cullen Bryant, and corrected and revised to date.

A low price was thought impossible because of the immense cost of the work. Co-operation between three of the biggest newspapers in the country has made possible what publishers said was out of the question and has resulted in the offer of the work at a price within the reach of all. The Gazette shares in the benefits of this co-operation and is now prepared to furnish Picturesque America to its readers on the most liberal terms.

As said before this is the most magnificently illustrated work ever produced in this country. It is the grandest literary work ever offered by any newspaper, and we want every reader to take advantage of this opportunity. Thousands of copies have been sold at fifty cents a part.

Each and every part contains a large full-page steel engraving printed by hand on heavy plate paper and pasted into the part. In addition each part contains from twelve to twenty fine engravings on wood, made by American artists. Remember, there are twenty-four pages in every part.

The illustrations are genuine art gems—not muddy half tones—not photogravures, not lithographs, but most superb creations of American skill that money could procure.

The literary matter has been revised and corrected to date. Much new matter and many new illustrations have been added, bringing this magnificent work up to the year 1894, making it better worth fifty cents a part than ever before.

In spite of all this the Gazette offers its readers the parts for three coupons accompanied by ten cents. Part 1 can now be seen at the counting room on Main street. The coupon appears in another column.

ENTERPRISE AND JEALOUSY.

A Spirit Peculiar to Janesville Again Comes to the Surface.

That any city should be glad to welcome and encourage any enterprise that comes to it, should not be a debated question, and yet there is an element in the Bower City, unlike any other in the west, an element that regards with suspicion and disapproval, anything that has the appeasance of prosperity or success. If a proposition is presented by a manufacturing industry this element is the first to frown it down and talk against it. "Why don't they stay where they are? What do they want to come to Janesville for? What does Janesville want of them anyway?" These and similar words of discouragement have done more to retard the progress of the Bower City during the last twenty years than panics and all other influences combined. When the Carrington's came to the city five years ago and commenced in a business-like way to hustle for business, there were plenty of people to give them the cold shoulder and predict speedy dissolution. Some of them still exist and continue to prattle this sort of nonsense, and yet it is a fact that no sensible person will attempt to controvert, that any piece of real estate in Janesville has been enhanced in value as the result of the Carrington influence, while a portion of the city that was a cow pasture and a drug in the market at $100 an acre, is now covered with houses and increased in value tenfold.

The McChesney Sauitarium and Medicine Co. is just now the target for the same class of malcontents. The institution is one that any city should be proud of and glad to encourage, a concern that is doing more to advertise Janesville than any other in the city, asking no favors or bonus but simply going to work in a business like way to establish in the city an institution that any other city would heartily welcome. The Sanitarium is now treating one hundred and fifty patients. Many of them come from a distance and spend more or less money with Janesville merchants. The building contains the finest suite of operating rooms in the state, and is thoroughly equipped with modern appliances. The rooms are furnished with iron beds and hospital furniture and will be occupied by people who come from abroad for treatment. The institution has an air of business and permanency throughout, and Janesville well afford to dispense for an indefinite period, with the croakers who can see nothing but evil in this sort of an enterprise. Individual prosperity means united prosperity. The people of Janesville can well afford to encourage any enterprise that benefits the city.

SWAPS JOBS WITH HIS WIFE.

Tends the Baby and Lets His Wife Lug the Sample Case.

Almost everyone in the city knows H. W. Allen, the whole-souled representative of the grocery house of Sprague, Warner & Co., Chicago. He visits the city every two weeks, but is a little late this trip and is thinking seriously of staying at home as nurse and letting his wife take the road. Saturday last he threw his shoulder out of joint. Mrs. Allen took the sample case and made a trip to Marengo and other places for her husband. She took ten pages of orders, more than he ever secured on one day in his life, and he is half convinced that he ought to trade jobs with his better half.

STYLISH PATTERNS OFFERED FREE.

Spring Garments of Graceful Design for Gazette Readers.

One of the patterns offered this week is (547) Urquhart coat. Sizes for 14 and 16 years. One of the jauntiest of the many costumes for misses is arranged with the "Urquhart" coat and "Tadelford" skirt, as shown in the illustration. The coat has the favorite "umbrella" back, and the

fronts are cut so they may be buttoned, if desired, or left open, and a fancy silk waist, shirt waist, blouse waist, or a waistcoat with chimisette and tie worn with it. The costume will be more effective if these are of a contrasting color. Covert cloth, tweeds, cheviots, ladies' cloths, and serges are the most popular materials, but pique or plain and figured duck makes very stylish suits for mountain or seasice wear. Our illustration represents a dark blue serge with waistcoat of dark red corded silk shot with white. This coat can be worn with any style of skirt.

A special illustration and full directions about the pattern will be found on the envelope in which it is enclosed.

Tadelford skirt, (548), Sizes for 12, 14 and 16 years. This is a very popular style of skirt, cut with five gored breadths and a bias seam in the back. Any of the popular cotton or woolen materials can be used for this skirt, and it combines well with any style of waist.

A special illustration and full directions about the pattern will be found on the envelope in which it is enclosed.

Letter From "Clothes Pin" McNamara.

WATERLOO, IOWA, April 29, '94.

MESSRS. BROWN BROS. & "ABE" LINCOLN, JANESVILLE, WIS. FRIEND LINCOLN:

I met General Kelly's army yesterday, and supplied them with clothes pins enough for their trip to Washington. On learning I was from Janesville, the general asked if I thought Brown Bros. & Lincoln could supply his army with shoes. I told him yes, they had just brought bankrupt stock, could give him long shoes for short money. Hoping you may secure the order, I am yours truly,

H. L. MCNAMARA.

LOT OF ALMOND EYES HAVE BEEN KODAKED

ONLY ONE CHINAMAN HAS HELD BACK.

Eighty in This District and Several are Partially Americanized—One is Even Trying to Grow a Moustache—Four Have Cut Their Queues and Parted Their Hair.

Janesville registered all her Chinamen and every other town in the western Wisconsin district did the same with one exception. Photographs and names are on file in Madison where they are kept for identification. Of the seventy nine registered, over one-fourth live in the city of Superior. The returns from the several cities and villages show the following number of Celestial residents: Superior, 23; Ashland, 7; Eau Claire, 6; Madison, 5; Janesville, 4; Chippewa Falls, 4; Wausau, 3; La Crosse, 2; Stevens Point, 2; Washburn, 2; Watertown, 2; Jefferson, 2; Menomonie, 2; Tomahawk, 2; and Beloit, Portage, Ft. Atkinson, Tomah, Black River Falls, Marshfield, Hurley, Merrill, Hudson and Prairie du Chien, one each. The one recalcitrant who refuses to register is Wing Lung, a laundryman of Black River Falls.

The great majority of the Chinamen are laundrymen. but there are three merchants on the list, two Yep Chung and Yep Poy, at Eau Claire, and one, Sam Wo, at West Superior. Four of the seventy-nine have become sufficiently Americanized to get their queues cut, and comb their hair after the fashion of this country. One with the musical name of Sing Sing, who lives at Washburn, while not progressing thus far, shows a desire to comply with the customs of the country by a partially successful effort to raise a mustache.

The seventy-nine names collectively form a unique aggregation. The five Madison Celestials are all Longs—Long Ching, Long Bow, Long Ling, Long Fun and Long Yee. Long Bow is doubtless the individual whose duty it is to attend to the "kicks" of customers. Long Fun doesn't look it, but he ought to spend his days in a continual round of pleasure. Some samples of the other names on the list are: Sam Hop, Oh Same, Woo King Wah, Sim Fook Lung, Wee Lee, Gong Yee Dock, Yep Yot, Yep Sing and Yep Sang, Woo Doo, L. Puck, Chue Lin Yoer, Hing Lee, Chin Lung, Wang Hing, Hum Hong, Ton Long Boy.

HACKMEN BOYCOTT PREACHERS.

Janesville Preachers Must Certainly Be On Their Guard.

Janesville preachers must be careful or stand the consequences. At Kenosha the hackmen are boycotting the pastors of the Baptist, Congregational and Methodist churches and are now taking all the weddings to the justices. The reason alleged is that the hackmen are offended at certain sermons preached by the reverend gentlemen. It is safe to bet that this is the first occasion on record of a sermon of any kind having any effect on them.

MISS HERNDON HERE TONIGHT

"La Belle Marie" Will be Presented at the Myers Tonight.

Agnes Herndon plays at the Myers tonight, "La Belle Marie being the bill. La Belle Marie" is particularly suited to this artiste, being written expressly for her, and Miss Herndon is afforded a splendid opportunity for some strong and intense work in the play. She is one of the very few actresses who are equally at home in comedy as well as pathos or emotional parts, and with such an artiste in the leading role the play is sure to receive proper production. The dual role of "Jean Ingleside" and "La Belle Marie" is an exceedingly difficult one, and her great success in portraying two such contrasting parts as a trusting, innocent country girl and a French woman of the world is most creditable to her. Her quick transitions from gayety and love to fury and hatred, honest expression to deciet, and French accent to English, displays remarkable and versatile power. The costumes worn in the play by Miss Herndon are said to be of rare taste and elegance.

An Alloy Which Adheres to Glass.

M. F. Walter has found that an alloy consisting of ninety-five parts of tin and five parts of copper adheres so tenaciously to glass that it may be employed as a solder to join the ends of glass tubes. It is obtained by adding the copper to the tin previously melted, agitating with a wooden stirrer, casting or granulating, and then remelting. It melts at about 360 degrees C. By adding from ½ to 1 per cent of lead or zinc, the alloy may be rendered either softer or harder, or more or less easily fusible. It may also be used for silvering metals or metallic thread. —Rev. Scientifique.

SOFT COAL FAMINE FEARED BY MANY.

DEALERS CAN GET NONE FROM ILLINOIS.

Strike Has Shut off Shipments and Pennsylvania Stock is the Only Sort Available—Janesville Retailers Not Very Badly Pinched as Yet By the Shortage.

Coal dealers have been threatened with a soft coal famine. The large supply of soft coal on hand early last fall in the Wisconsin coal yards has vanished and for the past month, the dealers have been getting their supply by the car load, from the Illinois mines. The strikes and labor troubles in nearly all sections of the country where soft coal is mined, does not lend a very flattering aspect to the situation. Soft coal is being extensively used in factories but also in some private houses for heating purposes as it is found to be much cheaper.

"Janesville hasn't felt the trouble as much as some other towns," said a coal dealer this morning. "We don't use as much Illinois coal here as we do Pennsylvania, and we have been able to get all the Pennsylvania coal we need."

THE BROOKLYN CLUB PLAYED A GOOD GAME

A STRONG AGGREGATION OF BALL PLAYERS.

The New Acquisitions Made This Year Make the Club An Important Factor in the Great Contest for the Pennant.

THERE HAS BEEN very little said thus far about the Brooklyn Baseball club's chances in the race for the League pennant this season. Some of the "wiseacres," who generally make their predictions about this time, say that Brooklyn is the "dark horse" in the race. There are others who are rude enough to say that the team could not expect better than sixth or seventh place.

Captain and Manager Foutz, however, places more confidence in his team this season than heretofore. He does not come out boldly and say that his team is a sure pennant winner, but he does say, however, that it will be found among the four leaders at the close of the championship season next October.

The team this season has been greatly strengthened, and, what is more, the men are all in the best of condition. The team opened the season with the following players: Foutz, Shoch, Burns, Daly, Corcoran, Kinslow, Dailey, Griffin, Kennedy, Stein, Daub, Sharrot, La Chance, Shindle, Gilbert, Tredway and Korwan.

The four latter are new faces on the Long Island team. Sharrott, Daub and La Chance are practically new players, having signed with the club late in the season last year. According to the present makeup of the team Gilbert and Shoch will warm the

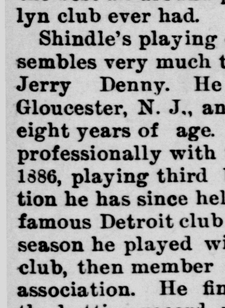
bench, although the latter is one of the best all-around players the Brooklyn club ever had.

Shindle's playing of third base resembles very much that of the famous Jerry Denny. He was born in Gloucester, N. J., and is about twenty-eight years of age. He first played professionally with the Utica club, in 1886, playing third bace, which position he has since held. He joined the famous Detroit club in 1887. The next season he played with the Baltimore club, then member of the American association. He finished eleventh in the batting record, with an average of 315. As a third baseman he ranked fifth, with an excellent fielding record .875. He continued playing with the Baltimore club during the season of 1889, when he signed with the Philadelphia club. He guarded third base for the Quaker city team until the spring of 1892, making a proud record for himself. Shindle then returned to Baltimore, where he played until last year. He has an established and an enviable reputation as a fielder, and is also a reliable batter and base runner.

George Tredway, who is looking after left field, is one of the latest acquisitions to the team. He is considered one of the best fielders in the profession. Tredway is a Kentuckian by birth, and is 27 years old. He played with Dubuque in 1888. The St. Paul club found him a valuable right-fielder in 1889. The following two seasons he was a member of the Denver club. The Los Angeles club secured his services in 1892. Last season he played on the Baltimore team. Tredway has greatly strengthened the



GEORGE O. SHARROTT PITCHER

team, inasmuch as he is a hard hitter and an excellent filder and base runner. He has got the reputation of being the best thrower in the infield.

Peter Gilbert bloomed out with the Norwalk club in 1888 and remained their until 1890, when he joined the Newarks. In 1891 he looked after third base for the Baltimore club. The following season he was unable to play on account of illness. Last season he played with the Springfield club of the Eastern league, and ranked as the best third baseman in that league. He is a fine batter and base runner and a speedy fielder.

George Sharratt and Dan Daub have developed into excellent pitchers since they joined the club. Manager Foutz thought so well of Sharratt's work in the few games that he pitched last season that he determined to engage him as a regular member of the team. He played professionally for the first time last year.

In Daub the club has a pitcher that will keep the league "sluggers" guessing this season. He joined the club last August, his release having been secured from the Chattanooga club of the Southern league. In the latter organization he made a record as being one of the best pitchers in the south. Daub is 24 years of age and is a man of unusual intelligence, having been a student at Dennison university, Ohio, for three years. His headwork while in the box has attracted much comment.

This is practically Lachance's first season with the club, his release having been secured from the Wilkesbarre club of the Eastern league late in the season last year. Lachance was about the best all-around player the Wilkesbarre club had. He played a few games in left field last season, but since then he has developed into one of the best catchers in the league. His throwing to the bases is very accurate, and few players will steal bases when he is behind the plate. As a batter he ranks among the "sluggers."

THE DIAMOND.

Jack Chapman says that in all his long career in baseball he never saw the equal of Curt Welch in his prime as an outfielder.

Manager Gus Schmelz says he will carry eighteen or nineteen men all season.

The New York Herald insists that Mr. Von der Ahe released Jack Crooks because he became jealous of Crooks' personal beauty.

Manager Hanlon venture to predict that the Orioles will finish in the front division.

On the average haseball salaries are not so high as they were three or four years ago by 20 per cent, but they are more uniform.

Stage's umpiring has given satisfaction, and the opinion is expressed that he will remain in the league.

There are two full blooded Indians playing in the Dickinson (Pa.) college team has an Indian pitcher named Mackey.

John M. Ward knows "Scrappy" Bill Joyce. He is willing to wager that Capt. Joyce will be put out of forty games this season by umpires.

Manager Selee of the Bostons is of the opinion that "Yale" Murphy will hold up his end in the league, and prenicts a success for the midget.

Ex-President John B. Day of the New York club thinks that this will be the most successful year for baseball in the history of the game.

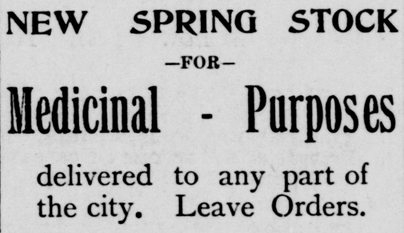
Birney's Catarrh Powder



REV. FATHER CLARKE, Sec'y to the Rt. Rev. Bishop of Columbus, Ohio, writes;
GENTLEMEN:—I cannot say enough for your Powder. It has cured me of an aggravated attack of catarrh when nothing else could help me. Am delighted with it. All my friends to whom I administered samples are quite enthusiastic over it. The good sisters speak most encouragingly of their use of it in the Hospital under their care. I will do anything to speak a good word for the remedy to help others who are suffering.
M. E. FERGUSON, Custodian U. S. Appraiser's Stores, Chicago, writes:
GENTLEMEN:—Being almost entirely deaf for a number of years past and getting no relief from many so-called cures which I tried, was induced by a friend to try Dr. Birney's Catarrhal Powder for my deafness. Have recovered my hearing entirely, so that I can now hear a watch tick plainly, it being held 18 inches from my ear I look upon it as a positive cure for deafness and have recommended its use to many of my friends and can say I have never heard of a case where it has failed to relieve.

THIS DAY IN HISTORY

1469—Nicholas Machiavelli, noted Italian statesman and casuist, born; died 1527.
1500—Portuguese under Cabral landed in Brazil.
1742—Manasseh Cutler, founder of the Massachusetts colony at Marietta, O., born in Killingly, Conn.; died 1823.
1814—"First Restoration;" Louis XVIII, brother of Louis XVI, made solemn entry into Paris.
1845—Thomas Hood, English poet, author of the "Song of a Shirt," died in London; born 1798.
1851—A fire lasting two days broke out in San Francisco; 2,500 buildings destroyed; loss of life.
1852—Sara Coleridge, author, died; born 1802.
1855—The emigrant ship John wrecked off Falmouth; 190 deaths.
1884—Cyrus McCormick, inventor of the reaper, died in Chicago; born 1809.
1892—Destructive tornadoes in Kansas, Oklahoma, Illinois, Missouri and Indiana.

There is a wide difference between the good citizens of New York, who want to get rid of Tammany, and the Chicago democrats, who have organized an imitation of Tammany. If Dr. Parkhurst accepts that invitation to visit Chicago he should look after the new Tammany while there.

Senator Carlisle intimates that it wasn't very much of a surrender after all, that the free trade senators made to the "conservatives," which recalls the story of Noah and the man who didn't want to get into the ark because he thought it wasn't much of a shower.

If the members of the various "industrial armies" now on their way to Washington had any confidence in Governor Tillman's statement, that whisky is free in South Carolina, they would at once change their route.

Senator Wolcott had not at latest advices purchased a bullet-proof cuirass to protect himself from Governor Waite's attacks. Perhaps he thinks a newspaper or a palm leaf fan sufficient.

Congressman Sibley, a democrat with populistic tendencies and an unlimited bank account, which he is willing to draw against for political honors, may be the democratic candidate for governor of Pennsylvania.

Coxey doubtless thought he had as much right as Cleveland to give the country an "object lesson." Fortunately his power being less than Cleveland's his "object lesson" was less disastrous.

The Washington preacher who delivered a lecture in favor of Coxey's movement under the suggestive title "Dam Fools" was doubtless fully qualified to speak authoritatively, from personal experience on the subject.

Breckinridge's friends may hang Judge Bradley in effigy; they may even re-elect Breckinridge, but they can never make him a fit associate for ladies and gentlemen.

By turning his "army" into a circus side show Coxey scored one on the newspapers which have so generously given him space that other showmen have to pay for.

Nothing for wage earners; everything for trusts, is the new motto on the democratic flag. The wage earners will have an inning next November.

The democrats in congress might have saved time and worry by getting the trusts, lobby to make their tariff bill in the first place, as they are doing now.

The administration would like to "get even" somehow and is said to be contemplating giving poor little Nicaragua a shaking up.

The Southern anti-administration congressmen will have to do lots of cuckoo shooting when they go back home.

The sugar of the monster sugar trust has never been excelled as a persuader of democratic senators.

Coxey, Cleveland and congress at one and the same time. Surely Washington deserves sympathy.

Democratic editors have a hard time trying to keep track of the changes made in the tariff bill.

Hobby Riders Will Clash.

WASHINGTON, May 3.—Within two days, or as soon as the general appropriation bills are out of the way, Mr. Hatch will make an effort to call up his anti-option bill. Mr. Bland is also waiting for an opening to call up the silver bill, both being privileged measures. This conflict of interests is expected to lead to a sharp encounter between the two Missourians, as neither will yield to the other.

WED A PRETTY MAID IN SPITE OF MAMA.

FRED JORDAN WINS A MOST CHARMING BRIDE.

Miss Vola Tone, a Bellville Society Favorite, Runs Counter to Family Sentiment and Assumes Matrimonial Obligations—Announcements Sent Out From This City.

An elopement with plenty of romance brought Fred Jordan and Miss Vola Tone to Janesville today.

The bride is from one of the richest and most prominent families in Belleville, Green county. She is barely old enough to be out from under parental guiding strings, and is a slender blonde of unusual beauty. The groom is a young harness maker and is also of prepossessing appearance. Together they would well deserve the title of a handsome couple.

Miss Tone's father died several years ago leaving a handsome property. Her mother objected strongly to all suggestions of her daughter's marriage to Jordan and forbade any further meetings. That made love's fire burn the fiercer and at last the young folks resolved to brook delay no longer. Twenty minutes before the early train for Janesville Miss Tone stepped into the parlor of Rev. J. Williams, of Belleville, and found the groom awaiting her. A brief service made them man and wife. They left the parsonage and were on board the train and speeding away before any suspicion was aroused. Belleville people will not learn of the wedding until to-night when announcement cards mailed in Janesville to-day will reach them.

"It will be quite a surprise" said the groom to a Gazette reporter, smilingly, "but I guess things will be all right when we get back."

WILCOX JURY COULDN'T AGREE.

Another Trial of the John Manning Suit Will Be Necessary.

Late last evening the jury in the case of Manning against Wilcox informed Judge Bennett that they were unable to agree upon a verdict, and they were discharged. The fact was announced at the opening of court this morning. It is understood that the jury stood eight to four in favor of the defendant. An unsuccessful attempt was made to impeach C. T. Wilcox, but three of the five witnesses testified in defendant's favor. The case of Bilt against the Ferris Ice Company is on trial, being an action for personal damages.

DR. MILLS GOES EAST TONIGHT.

After Six Weeks Study In New York He Will Visit Europe.

Dr. James Mills leaves for New York this evening where he will take a six weeks' post graduate course in the hospital after which he will sail for Europe, leaving in the latter part June. In Edinburgh, London and Germany the doctor will continue his studies making surgery and the diseases of women and children his specialties. This is the doctor's second trip to the old country, the other one being made nine years ago. Mrs. Mills will join him at New York in June and will accompany him across the water.

BURNING CHIMNEY SPREAD FIRE

Still Alarm Turned in From the Janesville Laundry at Noon.

An over-heated smoke stack set fire to rags stuffed in a skylight at the Janesville City Laundry this noon and caused a still a alarm to be sent to the east side fire station. The patrol extinguished the blaze before any damage resulted.

FELT DEATH'S COLD HAND.

John Cunningham.

John Cunningham died very suddenly this morning of heart trouble. Mr. Cunningham was born in county Donegal, Ireland, in 1830, coming to America when he was thirteen years old. He came to Janesville in 1851, and resided for many years on Glen street, near Hickory. His wife died about seven years ago. He leaves seven sons and one daughter, they being Mrs. M. E. Eastman, of Dunning, Illinois; Alderman W. M., Frank, and Jerome Cunningham, of this city; Edward, Joseph, Charles and Arthur Cunningham, of Chicago.

Funeral services will be held on Saturday. The hour will be announced later.

Funeral of Mrs. Mary Quinn.

The remains of Mrs. Mary Quinn were buried in Mount Olivet this morning. Funeral services, conducted by Dean E. M. McGinnity, were held in St. Patrick's church at 9 o'clock, and was attended by a large concourse of friends.

ROBBED AND THROWN OFF A HIGH BRIDGE.

WILL R. JONES OF THIS CITY LOSES $110.

Toughs Empty His Pockets in Freeport and Drop Him off the Railroad Bridge Into the Pecatonica River—This is His Second Experience With Thugs.

Will R. Jones left Janesville Monday with a roll of greenbacks in his pocket.

Where are those greenbacks now?

Freeport police are trying to find out.

Robbery is alleged.

Jones is an expert carriage trimmer and had a good position in Minneapolis. He came home on a visit and instead of returning to the Twin Cities decided to accept an offer made by the Henney Buggy Co., of Freeport. He went to Freeport Monday noon and Tuesday morning was nicely established in his new position. Tuesday night the scene changed and he was rescued from the Pecatonica river by the police. He claimed to have been robbed of $110 and then thrown into the water by his assailants.

The police at first did not place entire credence in the story. They said Jones must have been drunk and fallen off the bridge, but this was soon disproved. A lot of tough characters were seen around the bridge just before the Janesville man was discovered, and the officers now say some of these people are responsible. No arrests have been made.

The young man who was robbed is the son of Frederick Jones, sexton of Trinity church. This is not his first experience with foot pads. He was held up in Minneapolis and got a blow on the head that laid him up for a week.

EIGHT MEN KILLED, DESPITE CARE

Janesville Engineer Who Is Pursued by a Strange Sort of Luck.

William Ross, engineer on the Chicago & Northwestern railroad, has had his share of accidents on the road. Monday night, coming out of Chicago, his last accident occurred resulting in the death of a stranger named Fred Holtke, supposed to reside in Kansas.

"We were about eight miles outside the city limits, running at usual speed, when I discovered a man standing on the track, facing the locomotive, and both arms raised full length," explained Engineer Ross. "We were close up to him, and he was struck before we could stop When we picked him up he was dead, a hole having been cut in his head, and his body considerably bruised. He had no money, and the only thing found to identify him was a piece of paper on which his name was written, and the fact that he was born in Kansas. It is supposed he took this course to commit suicide."

Engineer Ross then reluctantly and with much feeling stated that this was the sixth man killed while he was engineer of the train. "That is not all," he continued. "Besides the six men, you must add two women, making eight persons killed.

None of the accidents were laid to any negligence or carelessness of Engineer Ross, he being one of the most careful engineers on the road.

WAGON BROKE A DRIVER'S LEG

Fred Hessenauer Run Over Near McGuire's Coal Yard and Badly Hurt.

Frank Hessenauer was thrown from a coal wagon last evening, the heavy vehicle passing over his right leg, breaking it below the knee, also dislocating the collar bone. The accident occured as the unfortunate man was leaving the yards of P. A. McGuire in the First ward with his load of coal to deliver. The fire patrol ambulance was called and the injured man was conveyed to his home on Highland, avenue, First ward, where Dr. W. H. Palmer attended him. This is the second time Hessenauer has suffered with a broken leg. He was in the employ of the water company, and at work in a trench when the accident occurred.

OPERA COMPANY LOST $40.

Hospital Benefit Does Not Prove a Source of Profit.

The gross receipts of the Pirates of Penzance company amounted to $298-50 for two nights. Of this Dr. Barnes was to get half, the hospital paying expenses. The expenses were over $170 and the hospital's share of the receipts would fall about $40 short.

The probability is that Dr. Barnes will agree to take the gross receipts for the two nights and pay all expenses, rather than to have the hospital suffer loss.

Last night's audience was not as large as Tuesday's although the performance was smoother. Tonight the company sings in Beloit.

STROWGER'S 'PHONES TO BE PUT IN

The New System Will be Operated in Racine Very Soon

Racine is to have the Strowger telephone at once. C. W. Gulick, superintendent of construction for the Western Telephone Construction company, is in the city, looking over the routes and streets and making estimates of the material required for the new telephone exchange talked of last year, but which could not be completed at that time owing to the Bell patents not having expired. The switch board and instruments for the exchange are now being made and construction work will begin in the near future. The franchise was received about a year ago, and 250 signed for instruments.

The business of the firm is not affected, and Southworth's interest in the firm is held in trust for the benefit of his creditors. Accommodation to friends and the depreciation in the value of real estate is assigned as the cause.

FIVE LITTLE GIRLS KEPT OUT OF SCHOOL

WHOLESALE VACINATION SUIT BEFORE JUDGE BENNETT

Numerous Families Refuse to Submit to the Rule of the Beloit School Board Providing That Children Must Bare Arms to the Lancet—Arguments Saturday.

Blanche Florey, Kittie Richardson, Bennie and Mabel Meyer and Myrtle Greenwood.

These little girls have been forbidden to attend school because their arms have not been bared to the vaccine point according to the rules of the state board of health.

Mandamus proceedings were commenced in the circuit court today to compel the Beloit school board to admit the pupils named above, there being four separate actions filed by the parents of the pupils. Each, also on petition to the court, obtained an order directing R. J. Burdge and other members of the school board to appear in court on May 5, at 10 o'clock a. m., and show cause why such pupils should not be admitted to school during the pendency of the proceedings.

These cases and Adams against the Beloit school board will come up for hearing on Saturday, the orders in each case being the same.

Dress Goods and Wash Goods.

One of Chicago's leading jobbing houses cleaned up its entire stock of wash goods and many lines of wool goods at a sale held on Tuesday, May first, and, as usual, when there is a bargain in sight we were right there to take advantage of it. The result will be seen in the morning when we will have on sale the various lines, some few of which are mentioned elsewhere in this issue.

NO PIANO IS FINER THAN THE GAZETTE'S

SHAW PIANOS ARE STANDARD THOUGHOUT THE COUNTRY.

Everybody Who Has Examined the Instrument at S. C. Burnham & Co's Says the Things Said in Its Favor Were Justified—Conditions of the Contest.

Nothing but praise is heard for The Gazette piano. The Shaw instruments rank in the markets of the country just as Chickerings, Steinways and Knabes, the four occupying first place. Everybody who has seen the Gazette piano is enthusiastic in its praise. It has a pure ringing tone, and its action is very fine. These qualities are what would be expected of a Shaw piano and The Gazette made no mistake in choosing that instrument.

Friends of contestants show a lively interest in the success of their favorites and votes are coming in rapidly. New subscribers should be reported as fast as secured, but coupons should be tied in bundles of one hundred each and kept until the day the competition closes. Votes have been cast up to date, for the following candidates:

Baker, Bessie
Clifford, Alice M,
Eldredge, Rose B.
Fink, May
Foster, Lahlie
Gifford, Alice V.
Gibbs, Maria J.
Holt, Ellen
Hugett, Miss Olive.
Hayward, Minnie
Kenyon, Cora
Kastner, Alice
Loucks, Franc
McNeil, Anna
Peters. Nellie
Randall, Carrie M.
Wright, Ada V.

Names of other candidates will be added as fast as votes are received. Only bona fide candidates will be allowed. The rule that nobody is permitted to enter merely to represent an organized society will be strictly enforced.

From now until the contest closes a coupon will be printed in each issue of the Gazette.

1. Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

2. Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor. Gazette, Janesville, Wis.

3. Only one person can be voted for on one ballot.

6. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano Company can make.

7. The contest will close June 30, 1894. Piano will be delivered as soon as the counting of votes is completed.

8. Any person who will bring The Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six month, 900 votes,

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

We will be square with you, you must be square with us. No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

The polls will close at 9:00 p. m, June 30, but votes handed in before this will be duly credited. The contest will be conducted strictly "on the square." No partiality or unfair advantage will be taken or allowed in any case.

The Era of Muscle.

This is an athletic age. Everybody wants to be strong. The craze—for it has well nigh reached that stage—effects both sexes and even childhood. The pugilistic phase of this fad in young America is by no means morally promising. But it is one thing to be endowed with vigor and another to be endowed with muscle. Super muscularity is often induced by physical effort perilous to health and calculated to shorten life. The vigor which means a regular and efficient discharge of the physical functions, is the first medium at which all may safely aim without causing ruptures or breaking blood vessels. Hostetter's Stomach Bitters is largely conductive to a gain in vigor of this sort since it stimulates and assists digestion, promotes regular bilious secretion and keeps the bowels in order. Sleep, that grand recuperator of nervous vigor, is encouraged by it and it remedies malarial, rheumatic and kidney trouble.

Special Tax Notice.

Notice is hereby given that the warrant for the collection of the special assessment for extending Main street in the Third ward in the city of Janesville is now in my hands for collection and that I will receive the same at my office until the 12th day of May, 1894, after which I shall proceed to collect the same as the law directs.

JAMES A. FATHERS,
City Treasurer.

That oily and rough skin cured and the face and hands beautified by Johnson's Oriental soap; medicated and highly perfumed. Sold at Smith's pharmacy.

She Settled the Fate of That Hat.

The unfortunate young man had moved his hat from place to place in the pew, but always had to move it again. His pew seemed particularly popular, and there was no abiding spot for that piece of headgear, which happened to be a shining silk hat of the most approved shape. Finally, when he was tightly wedged into one corner and there seemed to be nothing for him to do but to hold the hat tenderly on his lap for the rest of the service, he had an inspiration. The pew in front was still empty. He leaned over, gently deposited his cherished covering on the cushioned seat, and gave himself up to pious reflection.

By and by the owners of that pew made a late entrance. The youth gazed at them with interest. A pretty young blonde led the way, and in looking at her fair hair and blue eyes he forgot his hat. She, conscious of his gaze, blushed properly and cast down her eyes in a maidenly way. Then she sat down, and there was a crushing, grinding sound. She shot up again, and so did the young man. And together they surveyed the ruins of that shining silk hat, while the choir vociferously sang "Cover My Defenseless Head."—New York World.

New Ship Canal.

There was recently submitted to the house river and harbor committee a measure for the survey of a canal route connecting Lake Superior with the Mississippi river. It is proposed by this plan to utilize the small streams at the source of the Mississippi as connecting links in a canal joining the Gulf of St. Lawrence with the Mississippi. Mr. Keifer has letters from the United States engineer officer stationed at St. Paul stating that the plan is entirely feasible. A private corporation has also been organized at Duluth to undertake the work. The projected canal is to have a width of 120 feet and a depth of twenty feet. It is also urged that it could be utilized to store the upper waters of the Mississippi and prevent the overflows which are so disastrous to the lower Mississippi.

THE MAID SAYS NAY.

Her Mistress' Clothing No Longer Good Enough For Her—New Light Wraps.

It is a curious but well known fact that what is good enough for the mistress to wear is often not good enough for the maid. The pretty bonnet worn but yesterday by "the lady of the house" on her marketing excursion, when offered today to her cook, is looked upon askance, possibly refused with more or less indirect criticism. The grownup daughter of the establish-

GREEN VELVET CAPE.

ment remarks that she is going to give one of her black dress skirts to the servant, whereupon the latter inquires, "Is it a nice one, miss?" although she knows that it will come to her just as the young lady has herself worn it. It is beginning to be a serious question as to what we shall do with our laid aside garments, since, however well made and well conditioned they may be, whenever they cease to be desirable to the comfortably situated woman they have no attractiveness for her maid, her cook or even her laundress. It seems wicked to burn them up when so many human beings are going in rags.

Speaking of saving garments, why does not somebody invent a preservative for woolen clothing and furs that shall prevent moth and rust from corrupting and shall yet not infect everything it approaches with an ineradicable odor of ill smelling chemicals? No extract or sachet powder yet manufactured can overcome the evil savor, and even the sunshine and open air do not wholly dispel it.

But by this time winter things are already packed away with tar balls, camphor tablets and similar abominations, and light wraps are in the ascendant. Paris is still sending forth new varieties of capes and has added to the black and mode colors shown earlier in the season an assortment of brighter colors and still more elaborate make. A sketch is given of one made of malachite green velvet, having a round yoke very long over the shoulders. Around this is placed a full flounce of velvet. The cape is trimmed with vandykes and bands of cream guipure and has on either side of the front a rosette of black satin ribbon with long ends.

FLOUNCES IN CASCADES.

One Attractive Feature of a New India Silk Summer Gown.

Although the double skirt has not yet prevailed over the single variety, skirts on the whole are trimmed rather than plain, at least here in America. Parisiennes still cling in many cases to the perfectly plain skirt, and it does not always flare very much either. The flare is, in fact, said to be reducing itself, as indeed it must if

INDIA SILK GOWN.

skirts only 3½ yards in circumference are accepted as quite in the mode. Four yards have been the narrowest limit for some time past.

It is stated that haircloth facings are to be dispensed with, and if stiffening is insisted upon it shall be in the form of a haircloth petticoat stitched into the proper shape. Petticoats trimmed with ruffles having corded hems are also recommended as holding out the dress skirt satisfactorily.

All thin summer silks have the skirt either double, draped or more or less trimmed. Flounces, both circular and straight, are employed, with lace, ruchings, ribbons, festoons and all manner of pretty devices that show to advantage in lightweight goods. The fullness of the skirt is arranged nearly all in the back, the front being rather closer fitting than during the winter. Bodices are very much trimmed in every imaginable way. They are made both with and without high collars, while sleeves are anything except plain, although sleeves tight from shoulder to wrist have been solemnly predicted by the authorities in such matters. At present they spread as far out between the shoulder and elbow as the quality of the goods will permit. The sleeve may be in gigot style, or the upper part may consist of one, two or three cuffs or ruffles while the lower part is tight. There is even a revival of the sleeve puffed throughout its length, either around the arm or lengthwise of it. This is a pretty fashion for gowns of muslin, india silk or other thin goods.

A sketch is given of a summer costume of figured india silk. The skirt is trimmed with circular flounces arranged in cascades, the top of each being finished with a ribbon bow to match the color of the goods. The round bodice is laid in plaits at the waist and has a square yoke and standing collar of lace. The tight silk sleeves have lace cuffs at the wrists and a silk puff above the elbow which is decorated with bows and bands of ribbon. A ribbon bow with two long ends is fastened at the right side of the corsage, and a ribbon bow adorns the left side of the waist.

G.A.R. NOTICE

We take this opportunity of informing our subscribers that the new Commissioner of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

If U. S. soldiers, or their widows, children, or parents desire information in regard to pension matters, they should write to the Press Claims Company at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address:

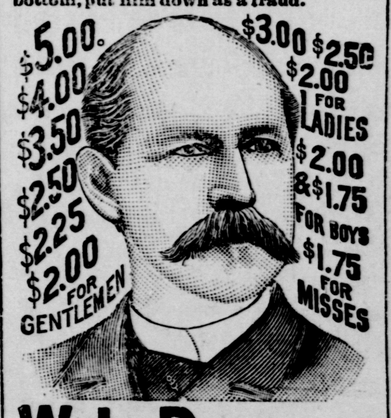
CAUTION.—If a dealer offers W. L. Douglas shoes at a reduced price, or says he has them without name stamped on bottom, put him down as a fraud.



W. L. DOUGLAS $3 SHOE BEST IN THE WORLD.

W. L. DOUGLAS Shoes are stylish, easy fitting, and give better satisfaction at the prices advertised than any other make. Try one pair and be convinced. The stamping of W. L. Douglas' name and price on the bottom, which guarantees their value, saves thousands of dollars annually to those who wear them. Dealers who push the sale of W. L. Douglas Shoes gain customers, which helps to increase the sales on their full line of goods. They can afford to sell at a less profit, and we believe you can save money by buying all your footwear of the dealer advertised below.

BORT, BAILEY & COMPANY,

Work in the House.

WASHINGTON, May 3.—In the house yesterday Mr. Dingley (rep., Maine) moved to take up the bill to improve the methods of accounting in the treasury department. At present the offices affected by the bill employ 750 clerks at a cost of $1,065,700. Under the pending bill there will be 534 clerks at an annual cost of $886,000. The bill was passed without amendment. Mr. Cutchings then called up the river and harbor appropriation bill, but Mr. Grosvenor (rep., Ohio) opposed the passage of a bill carrying nearly $9,000,000 without some further explanation. The committee rose and the house adjourned without taking action.

Guarding the Docks.

ASHLAND, Wis., May 3.—Wisconsin Central officials were successful in getting all the men they needed to take the place of the striking upper dock men, and the work of unloading went on rapidly all day. It is said arrangements have been made so that United States troops could be brought to Ashland in twenty-four hours to assist the deputies should any great trouble occur.

Omaha Smelters Shut Down.

OMAHA, Neb., May 3.—All but one of the ten blast furnaces in the smelting and refining works in this city have been closed down for lack of ore. The company, however, says it expects to blow in several of the blast furnaces in a few days.

Iron Mountain Mine Starts Up.

IRON MOUNTAIN, Mich., May 3.—For the first time in eighteen months the Chapin mine whistles blew last night, announcing that the management was ready to resume work at the property idle since last summer.

It Turned Out All Right.

"What has become of your first love, Fannie Jones, about whom you used to rave so much?" asked a New York gentleman of a friend whom he had not met for several years.

"Oh, she is married and happy."

"And how is it with you?"

"I am still happier—and unmarried."
